

Guaranteed Program for Admission

in partnership with BYU-Idaho

Transfer simplified

If you have already signed up for the Guaranteed Program for Admission through BYU-Idaho, this worksheet will help you understand which lower-division course requirements are complete, in progress and still need to be completed before transferring to ASU.

Once you have completed the lower-division courses, you have the option to transfer to ASU for the upper-division courses. Lower-division courses are all 100- and 200-level courses or lower.

Note: If you have already earned or are in the process of earning an AAS degree, please refer to the paired BAS programs on the transfer website rather than using this worksheet.

Instructions:

- 1 Gather your unofficial college transcripts from all institutions attended so you know which courses you have completed and which courses are in progress.
- 2 Print the ASU Major Map for the current academic year by visiting **Degree Search** (asu.edu/degrees). Find your intended ASU major, click on Major Map and print it.
- 3 On the Major Map, highlight or circle all 100-level courses, 200-level courses and other lower-division requirements (e.g., lower-division humanities - HU).
Note: You don't need to list ASU 101 (or an equivalent college-specific freshman seminar) on your worksheet. Specific transfer success courses are available during your first year at ASU.
- 4 List all the courses that were highlighted or circled on this worksheet in column 1, "ASU Course."
- 5 Visit the **Transfer Credit Guide** (tcg.asu.edu/reverse) to perform an equivalency search. Using this online tool, enter each ASU course from column 1 to determine the equivalent course at BYU-Idaho. Enter that course prefix and number to the second column, "Equivalent Course."
Note: If you have taken courses at multiple institutions, please indicate the name of the institution in column 3.
- 6 Search for the listed courses on your BYU-Idaho college transcripts. If you passed the course with a "C" or better, mark an "X" in column 4. If you're currently enrolled in the course, mark an "I" for In Progress. Repeat this step for any other post-secondary institution you've attended.
- 7 For any course that is not completed, please plan which semester you will enroll in the course. Indicate the term in column 5. The last column is what you still have to complete prior to transferring to the university.
Note: Not all institutions offer all of ASU's lower-division courses.

Learn how credits from other colleges and universities will transfer to ASU and how they're applied to your ASU degree program. A maximum of 60 credit hours will be accepted as lower-division credit when transferring from BYU-Idaho.

Guaranteed Program for Admission Planning Worksheet

Make a copy of the completed worksheet for your records. Continue making progress toward your degree, and update this worksheet every semester.

Column 1 ASU Course	Column 2 Equivalent Course	Column 3 Institution Name	Column 4 “X” for completed courses. “I” for in-progress courses.	Column 5 If the course is not completed and not in progress, write the semester you plan to enroll.
Ex: ENG 101	FDENG 101	BYU-Idaho	X	
Ex: ENG 102	FDENG 201	BYU-Idaho	I	
Ex: MAT 170	MATH 109	BYU-Idaho		Fall 2018, BYU-Idaho
